Dear Mr Van Wyk,

Many thanks for your email of 12 February.

Writer has discussed all the points as listed in your notification with the CEO of SASCOC, who confirms that same is in order, and is in terms of the SASCOC policy, so you are free to proceed accordingly.

With regard to the Constitution, this is presently being reviewed by the writer, who shall communicate with you shortly in this regard.

Kind regards,  
Raymond Hack

Dear Mr. Hack.

We have documented our discussion as attached.

I have been requested by the SANPO president to relay the information on our AGM.

Prior to that we would request that if at all possible, that you just verify our understanding as documented.

We would sincerely appreciate your reviewing the information prior to us disclosing it as we would like to ensure that we communicate the correct message correctly.

Yours Sincerely

Willem van Wyk \_\_\_\_\_

## **NOTES ON SANPO MEETING WITH MR. R HACK (SC) 10 FEBRUARY 2016**

PRESENT: Mr R Hack (SC) - SASCOC  
Mr. Retief Uys  
Mr W van Wyk

### DOPING

- RSA has to comply with WADA. Therefore trainers can be tested for any drug that is on the WADA list.
- Birds are subject to the FCI and SANPO's list.
- If a list is published then it is active until it is reviewed.
- Any infringement during the period of when the list is active stays an infringement, even if the substance is subsequently removed.
- The organisation, SANPO, determine by itself which lab may test which substances or at which lab any substances may be tested.
- Mr Hack has written a letter to SAIDES regarding SANPO's drug testing processes to assist SANPO and has acquired all material on Doping as provided.
- SANPO is subject to the rules and regulations of SASCOC and all SANPO members are bound by it.
- Any person bringing the Sport in disrepute will be dealt with under the disciplinary codes that apply. ( Disrepute :- a state of not being respected or trusted by most people : a state of having a bad reputation : lack or decline of good reputation: a state of being held in low esteem)

### SANPO PROVINCIAL STRUCTURE

- SASCOC's presidential council has agreed and approved in 2012 that all Sport Federations will align to Provincial boundaries as part of the RSA and Governments structures.
- SANPO has to write a letter to SASCOC to acquire a copy of the minutes of this meeting.
- The decision is binding on all Sport Federations and all Sport Federations has to implement it.

#### SANPO ORGANISATIONAL MANDATE

- SASCOC as a body reside under the Minister of Sport, and as SANPO is the only federation recognised by SASCOC as regulating pigeon sporting events in South Africa, SANPO is automatically recognized by Government as the only legal pigeon sporting body in good standing.
- Due to above SANPO is the sole regulatory body of the pigeon sport in South Africa and is bound by the legal prescripts of SASCOC, the Department of Sport and SANPO's own constitution.
- No organisation i.e. One Loft, Club or Federation / Union may organise any pigeon event without SANPO's approval.
- No organisation as indicated above (i.e. One Loft, Club or Federation / Union) may exist and / or organise events that uses any road transportation (National or Provincial Roads) or Air Space without SANPO's approval.
- If any person or group organise any event or develop a Club or Federation / Union without SANPO's approval then that organisation will be declared a "Rogue" organisation and SANPO need to inform SASCOC in writing of such events and organisations.
- SASCOC will then inform by letter all relevant National and Provincial Government institutions of the status of such organisations and events.
- The Department of Sport, Transport, Agriculture, Environmental Affairs and all other relevant Departments will then act on the information and if required, impound the pigeons or transport as they may not be transported or liberated at any place.
- None of these Organisations or Events will therefore be recognised on any level by anybody and they are prohibited to participate in any organised events with other SANPO approved Organisations.

#### CONFLICT OF INTEREST

- SANPO has to develop a book in which all SANPO National, Provincial and Regional members need to declare their interest in the Sport.
- In any event in which these specific items, subjects or concerns are discussed, any member with a proven and / or declared vested interest is then prohibited to participate or be part of the decision making processes.

#### ELECTRONIC E-RINGS

- The issue of Competition and Close Shop agreements need to be discussed with the FCI.
- The issue need to be raised per letter by SANPO to the FCI with a copy to SASCOC.

### LEGAL REPRESENTATION ON DISCIPLINARY ACTIVITIES

SANPO can belong to SESSA or

- SANPO can have a panel of judges who can on a rotation basis act as arbitrators. They may not be active Pigeon Fanciers.
- SANPO also have to have a panel of veterenarian science personal who can work on the investigative committees.
- There must always be three members on a panel.

### CROSS MARKETING OF THE SPORT

- SANPO can prepare presentations on the Sport and provide it on the AGM of SASCOC to the other Sporting Bodies or
- SANPO can develop the material and send it to SASCOC who will send it to all Federations on SANPO's behalf.

ELSE

- SANPO needs to contact every Federation separately.

### RESEARCH

- No Body in SASCOC are doing research, SANPO need to approach Universities to assist.

### RACING AND FUNDING VIA POOLS AND SIDE BETTING

- NSPCA's statements will be ignored by SASCOC as SANPO is officially recognised as an approved Sporting Body.
- The issue of "betting" is seen as a fundraising process by the Sport and as long as it is not on a Provincial or National level with the sole purpose to generate money for the Sport to keep alive or exist, it is not seen as "betting". E.G. It may never be the sole income generating process of the Sport to ensure the Sport survives.

### LEGAL PROCESS AND PROCEDURES

- Refer article 29 of SASCOC.

#### TENDER PROCEEDINGS AND CONTRACTING

- No restrictions is imposed by SASCOC
- SANPO need to govern the process and manage the demand cycle as well as the supply cycle in full.

#### INTERNATIONAL PARTICIPATION

- Classification of Racing Pigeons falls under Poultry and therefore has a 30 day quarantine period.
- If re-classified under "Birds" a 6 month quarantine period will apply.
- SANPO can declare any event in which International Birds participate, an International Event.
- This decision can then be provided by letter to SASCOC which will then inform Super Sport of the event and Super Sport may then provide Media Coverage for the event.
- This is at SANPO's discretion only.

#### SANPO CONSTITUTION

- Mr Hack has received the SANPO constitution and he will provide input to this document prior to the AGM of 2016.
